## **Resistance in the GDR**

Young people from  
Werder / Havel  
(former East  
Germany) formed a  
resistance group.

They wrote and  
distributed  
leaflets against  
the communist  
regime during  
1949-1953. Some of  
them were caught,  
imprisoned and

tortured by the  
East German secret  
police. Others  
disappeared  
without a trace.
